RE: Sale of Hanging Rock Facility

Mr. Rudloff,

As per the requirements of Administrative Order on Consent, RCRA-05-2016-2018, (AOC), this letter is to inform USEPA of the sale of the Hanging Rock Plant located at 925 County Road 1A, Ironton, Ohio 45638-83687.

A portion of the property that contains most of the manufacturing areas was sold to Americas Styrenics LLC. This includes the portion that Americas Styrenics had previously leased. The remainder of the facility was sold to the Lawrence Economic Development Corporation.

The Dow Chemical Company has retained responsibility for performing the work prescribed in the AOC. The sale agreements with both parties provides for the site access to accomplish these tasks. The sales agreements also provide for institutional controls limiting the properties to non-residential use and prohibiting the use of groundwater for potable purposes. The agreements also provide for the implementation of future institutional controls as necessary to complete the work under the AOC.

If you have any questions, please feel free to contact me at 304-389-2371.

Sincerely,

A handwritten signature in blue ink, appearing to read "Timothy A King".
